

The problematic contemporary path of self-realisation is made simple with the agile metaphor.

“The Mezbahn Sphere of Life” connects us with "the tool we were born with".

Its understanding explains how we can have a singularity experience in balance during bliss, within the chalice of life, NOW, during which we can find our virginity and attain freedom, emotional release, pleasure, and happiness forever.

SPHERE OF LIFE

“Mezbahn Sphere of Life,” a metaphor, is the evidence of a link between our five senses and our perceptions, emotions, and thoughts. It’s a bridge towards the greater understanding of Duality and Non-Duality, and The Hard Problem of Consciousness.

Its understanding and awareness binds the ancient wisdom, and hitherto knowledge in Science, Philosophy, Religion, and Faith. Musical seminar connects people to become aware of their life journey towards ultimate truth and the union of body, mind, soul which is the ultimate goal of Yoga. So it can’t be simpler than “A.I.O.”

TINANJALI A SONG OF LIFE

“Tinanjali, a song of life,” the book, a song album, and the film is an outcome of various discussions between a husband and wife who are on their own journeys to solve mysteries of being human.

DANCE OF LIFE

Illuminated with elements of her Consciousness in balance, Pari loves her presence as Infinite Being.

TINANJALI audio tracks include two original background score tracks celebrating the happy and sad moments in life. The main song is an excursion into different thoughts and feelings inherent in different ragas, but always coming home to joy and happiness. The song title Madhura Manohara is a contemporary interpretation of an original composition by Swami Shantanand Saraswathi from Temple of Fine Arts, and music composed by Jyotsna Prakash. In the crash of thunder, fire and the torrent of rain, can we find poetry in chaos and music in turmoil? Based on the structure of thilana remaining part of the main song physicalises the tremendous power of dance and music. Also included, original motivational score to find the changeless in the changing. "Tufano Ki Aur" is a song for everyone. It is adapted from a poem written by Padma Shri, Padma Bhushan Late Dr. Shiv Mangal Singh 'Suman' in 1964, and extended lyrics and song composition by Susheel Kamotra.

UNIVERSAL FACE THEORY & TINANJALI

"Susheel Kamotra presents a unique, innovative, well-articulated, groundbreaking work that teaches everything one needs to attain happiness and inner freedom"...Readers' Favorite. "TINANJALI, a song of life," is an extended version, another book, in a musical art and dance form.

SAMADHI-IN-ACTION:

Entangled in the conditioned materialistic world, Pari yearns for the divine help. Her consciousness is enlightened by ancient wisdom and knowledge. Krishna Consciousness followed by Christ Consciousness, Buddha nature, Sufi mysticism and a modern day Avadhuta illuminates her. She understands the purpose of life in chalice, as a doer, as conscious Infinite Being.

HAPPINESS AND SORROWS, MANAGING CHANGE:

There are good times in life, the happy moments and as well the bad times, the sorrows where change is the law of life. Thus in the sphere of change, through change, consume change. We find the changeless through the changing and manage our witnessing self. Here, Pari remembers her past as warrior princess who had got rid of her kingdom from the evil and she invokes her divine powers and seeks help from the universe to fight.

SINGULARITY EXPERIENCE & INNER HEALING:

When the seven layers of consciousness surrounding our body are in balance, harmony, synergy and a flow; when we remain aware of our connection with the universe as Infinite Being and live in the presence, Now; And when know our purpose as of why we are here our job, calling are in alignment. In this blissful state, the time disappears. So the surrounding consciousness shrinks to singularity and outpours unconditional love, pure bliss.
